Customers must enroll in this promotion by June 26, 2004. D T T

A10.37.2 Rates and Charges

This offer will consist of three monthly bill credits equal to the first 30 minutes of intrastate intralata Dial Station calling. The bill credit will be awarded on the first complete bill cycle, but no later than the second complete bill cycle, after the Customer enrolls. Customers will receive the above bill credit on the monthly bill statement during the monthly bill period the credit was earned.

For this promotion, eligible intralata Dial Station usage is defined as a Customer's billed usage for a monthly billing period for intrastate intralata Dial Station Calls. Eligible intrastate intralata Dial Station usage includes intralata calling inclusive of TRS and dial-around (10-288) casual usage.

AT&T will calculate a Customer's qualifying usage for the free minutes bill credit by using the first 30 minutes of intralata Dial Station qualifying usage during the Customer's monthly bill cycle. Customer's free minutes credit will be calculated after all other discounts and credits are applied. In the event a Customer has less than 30 qualifying free minutes of usage in a given monthly bill cycle period, a credit for only the qualifying minutes used will be issued to the Customer and counted as the 30 free minutes credit. In the event a Customer has no qualifying free minutes usage in a given monthly bill cycle period, a credit of \$0 will be issued.

If at any time during this promotion, the Customer selects a carrier other than AT&T as their primary intralata carrier, the Customer will: (1) forfeit any monthly bill credits not yet received, and (2) terminate their participation in this promotion.
